THE PRIVATE ATELIER · MATLOCK · BY APPOINTMENT

# Because it feels like you.

Ready-made and made-to-order wigs, toppers and hair systems. Private consultations and fitting in Matlock.

FULLY BESPOKE

# Made to your measurements.

Foundation, hairline and parting are drafted to your measurements. Construction, density and colour are chosen around comfort, appearance and everyday wear.

Made-to-order pieces are produced either by Sarah at the atelier or by suppliers in their factories. We discuss the maker and specification with you at consultation, including any fitting and personalisation needed.

### A hairline that holds up in daylight

Fine lace at the front and parting, so the edge reads as skin rather than fabric.

### Density set to the person

Calibrated to your face, your age and the way you wear your hair, rather than a standard weight.

### Built for the life you lead

Hand-tied, wefted or mesh construction, chosen around comfort, activity and routine.

### Finished on you

Cut and styled on you, not on a block, with adjustments and aftercare after the fitting.

THREE ROUTES

# Choose how personal the piece should be.

## Fully bespoke

Made to your measurements. Typically 8-12 weeks after the specification is agreed.

## Customised

An existing piece adapted to your hairline, density or colour, as agreed.

## Ready-made

Human-hair and synthetic pieces from established makers, available to order online.

We confirm the estimated shipping or delivery timeframe within three days of receiving your order and confirmed payment.

Any additional time needed for fitting or personalisation is confirmed separately.

---

Ready-made prices are shown on each product listing. For advice, fitting or made-to-order work, book a consultation. Commissions are quoted after consultation, before any order is agreed.
